Why I Like Christian Music

“It’s honest and true. It’s not sugar coated music, it’s what girls and Christians struggle with and rejoice in the Lord with. It lets me know that I’m not alone in my struggles and trials, and also in my moments of praise.”

“Because the messages that are brought out in his songs are real and have a deep meaning to them and can be applied to everyday life. When I listen to his CD’s I hear someone who is out there to glorify God and not just there for the fame and money. I hear a true heart of worship which is the most important thing of all!!”
